PORTRAIT PHOTOGRAPHY

Our portrait photography is as diverse as the personalities of the people we photograph. Some pieces are emotional, some are joyful, some are intimate and some are profound. Though every portrait has at least one thing in common: the sensitive and thoughtful approach of the artist behind the camera.

We seek to create for our customers the sort of photographs and portraits that can be elegantly displayed in a home, given as gifts, used for online social media or one day be valued and treasured as family heirlooms. Whether you're looking for family, senior portraits, baby, newborn & children, engagement or professional headshots, look no further than Teesside Photography.

Our modern Family Portrait sessions are fun & vibrant capturing your true personalities & character. Whether a family portrait with all generations, maternity or a newborn baby, just the kids even a family pet we do them all. What's your family's story?

We focus on delivering a personal service, bespoke to your needs. Our sessions are fun, relaxed and all about you. The session is not about sitting and posing, it is about capturing precious time with the family. We take a whole range of different images, whatever it takes to tell your story.

Your session can be at home, at your favorite location or in a studio environment.

ABOUT TEESSIDE PHOTOGRAPHY

Photography with a new level of clarity, definition and style. Teesside Photography provides the best possible images for any event and for any legal purposes.

Our reputation depends on the quality of our work and our ability to offer a responsive and efficient professional service. We are always happy to quote in advance for all photographic or video work, be it on-site or studio based.

Domestic Photography:
Weddings: Probably the most important occasion of a bride's life; you will need perfect wedding photographs and we know it. We always like to do a pre-session before the big day to get to know you and provide some images of the preparations. Video footage is available.

Parties:
Whether it be a 4 year olds birthday; an 18th birthday party or a ruby wedding anniversary bash we can be there, freeing up the party organizers to get on with other tasks.

Web Site:
Building a website for your business or personal needs? We can provide images both in full form and web optimised. Premises, products and personnel are common images.

Portrait:
Our people friendly photographers will, set the stage and put the subject at ease. Can be on-site or in a studio environment.

Sports Events:
A myriad of special effects are available for capturing movement and action. Football, Rugby, Hockey, golf, skiing or even table tennis can all be captured at the best moments, video and time-lapse photography are available.

Schools:
Let us produce your children's photographs. We can do any size, put siblings together and do individual and whole class photographs.

Landscapes:
Trees, fields, sea, rivers, gardens, forests, Light, timing and a sense of drama are some of the important considerations for landscape photography. Let us get the most out of your subject.
